RAWA- 26816, 12 December 1960 (Not sent Bonn or GSB, Ger)

1. Attached are therofaxed copies of two reports in German, dated 11 and 15 December 1960, from [] who presumably got them from Leopold VOLLMER, on the subject of ALFRED FRENZEL's activities in Austria. We regret that these copies are not more legible, but they were taken from what must have been the fourth or fifth carbon copy, the only one available to us.

2. We are not in a position to evaluate this information here for possible leads to GSB collaborators in Austria. FRENZEL appears to have had widespread contacts in this country, particularly among Socialist Party leaders. It is possible that Headquarters, in the light of information available to it from the FRENZEL case debriefings, particularly information on his Austrian contacts and the dates of his visits to Austria, may find the contents of these reports of use in confirming or adding to information already known. Although we cannot take action on the basis of these reports alone, we would be willing to follow up any substantive leads suggested by Headquarters.
